

# UP-AND-COMING NYC RECORDING ARTIST/ SONGWRITER CHETTI FEATURED AS A WRITER ON CHIPOTLE'S NEWLY RELEASED "FARMED & DANGEROUS" SOUNDTRACK 2.27.2014

The Farmed & Dangerous Soundtrack was released accompanying today's debut of Chipotle Mexican Grill's first original comedy series, "Farmed and Dangerous", on Hulu and Hulu Plus.

"As the Executive Producer of the soundtrack, I was searching for the perfect female soul singer that could add something truly special and unique to the song Burn, which already had the chorus written. When I first heard Chetti sing, I knew she would be the ideal fit. She came in, wrote verses and a bridge that were perfect for the song and the series and her voice resonated throughout the recording studio when she was singing it. The reaction over this song has been phenomenal", says Ali Theodore, President of DeeTown Entertainment.
